**Magnum Forge named to CIOReview's 20 Most Promising Oil and Gas
Technology Solution Providers 2016**

FREMONT, CA—September 22nd, 2016—Magnum Forge announced today that it has earned a place in the list of 20 Most Promising Oil & Gas Technology Solution Providers 2016 by CIOReview.

"We are happy to announce Magnum Forge as one among the 20 Most Promising Oil and Gas Solution Providers 2016," said Jeevan George, Managing Editor of CIOReview. "Magnum Forge receives recognition for its primary expertise in providing software packages that are designed especially for upstream oil and gas."

Magnum Forge focuses on improving clients' business processes by fostering ongoing collaboration between IT and end-users, effectively integrating people, processes, and information. It specializes in providing ERP software implementations and services for clients in oil and gas industries.

About Magnum Forge

Magnum Forge works exclusively with midsize to large independent exploration and production companies. It helps clients implement software using the big-bang approach, or module by module, region by region with clients to ensure their teams get it right the first time, on time, and within their budgets.
