MAGNUM FORGE SELECTED TO LEAD ASSET INTEGRATION PROJECT FOR LARGE HOUSTON EXPLORATION AND PRODUCTION COMPANY

HOUSTON, TX – (January 31, 2018) – Magnum Forge, an upstream energy IT management consulting firm, has been selected by one of the largest privately-held exploration and production companies in the United States to integrate the lease data from two large acquisitions. The company operates in North America and recently purchased acreage in Wyoming and Texas.

“We are proud to assist with our new client’s growth strategy,” said Russell Corl, Magnum Forge Managing Partner. “Magnum Forge was chosen to execute this project based on our deep experience with lease data and land systems, and our demonstrated ability to ensure that the data loaded is spot-on.”
